IN THE CLAIMS:

Please cancel claims 1-20 without prejudice or disclaimer to the subject matter recited therein.

Please add the following new claims:

1. A recording device controller comprising:

B2

means for determining defect detection criteria according to a type of data to be recorded; and

means for issuing a command for setting the determined defect detection criteria in a recording device.

<sup>2</sup> 22. The controller according to claim <sup>1</sup> 21, wherein said command is of structure by which the defect detection criteria can be designated independently for a plurality of kinds of criteria items.

<sup>3</sup> 23. A recording device controller comprising:  
 means for determining defect detection criteria according to a type of data to be recorded; and  
 means for issuing a single command for instructing that the determined defect detection criteria be set in a recording device and that data recording be carried out.

<sup>4</sup> 24. The controller according to claim <sup>3</sup> 23, wherein said command is of a structure by which the defect detection criteria can be designated independently for a plurality of kinds of criteria items.

<sup>5</sup> 25. A recording device controller comprising:  
 means for determining information relating to a type of data to be recorded; and
